**Equipment and software requirements:** Due to the remote teaching environment in the K-8 public schools in which our student teachers are placed, please find the following equipment and software requirements necessary for successful participation in this course: Daily access to the following hardware is suggested: laptop and maybe a good set of earphones. Access to a reliable internet signal is recommended. If you are in the Tucson area and are struggling with access to a secure internet connection, we will provide you with a list of spaces on campus.

**Face coverings are required on campus:** Per UArizona’s Administrative Directive, face coverings that cover the nose, mouth, and chin are required to be worn in all learning spaces at the University of Arizona (e.g., in classrooms, laboratories and studios). Any student who violates this directive will be asked to immediately leave the learning space, and will be allowed to return only when they are wearing a face covering. Subsequent episodes of noncompliance will result in a Student Code of Conduct complaint being filed with the Dean of Students Office, which may result in sanctions being applied. The student will not be able to return to the learning space until the matter is resolved. While on K-8 school campuses, you must follow all school site guidelines or CDC guidelines, whichever provides more protection.

**Physical distancing is required on campus:** We will respect CDC guidelines, including restricted seating to increase physical distancing and appropriately-worn face coverings. Per UArizona’s Administrative Directive, face coverings that cover the nose, mouth, and chin are...

The Disability Resource Center is available to explore face coverings and accessibility considerations if you believe that your disability or medical condition precludes you from utilizing any face covering or mask option. DRC will explore the range of potential options as well as remote course offerings. Should DRC determine an accommodation to this directive is reasonable, DRC will communicate this accommodation with your instructor.

Course Expectations

Academic Standards

Professional Expectations

Per the expectations outlined in the UA Teacher Preparation Program Professional Standards, students are expected to follow the district, university and state standards of behavior while on the UA and school district campuses:

- School district code of conduct (when on a school campus or at a school-related event)
- ABOR Student Code of Conduct and UA policies regarding classroom behavior, threatening behavior, nondiscrimination and anti-harassment, and the Code of Academic Integrity.
Alleged violations of these behavior standards may result in immediate removal from the course or field placement pending review by the course instructor/program director. Possible consequences for violations of these behavior standards include:

- removal from the course and/or clinical placement
- failure of course (as determined by course instructor)
- withdrawal from teacher preparation program with the right to petition for readmission.
- dismissal from teacher preparation program

Grading Policy and Benchmark Assignment

The UA Teacher Candidate Midterm/Final Evaluation instrument will be used to assess teacher candidate performance. Before both the midterm and final evaluation conference, the teacher candidate, the supervising practitioner and the University program supervisor individually complete the Teacher Candidate Midterm/Final Evaluation to assess student performance on all criteria before meeting to discuss and create a composite evaluation. This evaluation document is aligned to both the InTASC and the ISTE standards for teachers. Students are also expected to meet the standards set forth in the UA Teacher Professional Preparation Program Standards, the established Arizona State Board of Education Professional Practices for Certificate Holders and the course teaching policies listed above.

Pass/fail grades are the only grades available for TLS 493e. Grades will be based upon the student’s ability to demonstrate an acceptable level of knowledge, skill, and dispositions required to be a successful teacher. This determination will be made using the UA Teacher Candidate Midterm/Final Evaluation instrument and the timecard which indicates completion of the student portfolio. The instrument has a grading rubric from 1 to 4. The Director of Field Experience, acting upon the recommendation of the University Program Supervisor, will assign the grade.

Satisfactory completion of student teaching (P) requires the following two criteria:

a) A satisfactory performance on the FINAL student teaching evaluation instrument. Satisfactory performance is defined as a rubric score of “3” or above for the majority of the criteria in each of the four domains on the evaluation instrument. That is,

- For the Learning Environment domain, the teacher candidate must score a minimum of “3” or above on four or more criteria.
• For the Planning & Preparation domain, the teacher candidate must score a minimum of “3” or above on six or more criteria.
• For the Instruction and Assessment domain, the teacher candidate must score a minimum of a “3” or above on eight or more criteria.
• For the Professionalism & Growth domain, the teacher candidate must score a minimum of “3” of above on six or more criteria.

Satisfactory completion may include emergent scores of “2” provided the majority of individual scores in any one of the four domains are at a level “3” as described above, AND

b) Satisfactory completion of the student e-portfolio. This includes providing appropriate evidence of required criteria by due date as specified by the program supervisor.

Unsatisfactory completion of student teaching (F) is defined as any one of the following criteria:

a) An earned rubric score of “not evident” (1) in any criteria on the FINAL student teaching evaluation instrument,

OR

b) A majority of earned “emergent” scores (2) in any one domain, that is:
   • For the domain of Learning Environment, a score of “2” on four or more criteria would be unsatisfactory.
   • For the domain of Planning and Preparation, a score of “2” on six or more criteria would be unsatisfactory.
   • For the domain of Instruction & Assessment, a score of “2” on eight or more criteria would be unsatisfactory.
   • For the domain of Professionalism and Growth, a score of “2” on six or more criteria would be unsatisfactory.

OR

c) Submission of an incomplete portfolio or failure to submit a portfolio.

Note: Additionally, candidates found in violation of the professional expectations listed on this syllabus may be issued a failing grade for TLS493a.

Neither a passing or failing grade is included in the computation of the graduation grade average. This course is not available for honors credit.

Reminder: A requirement of the student teaching is to turn in all required materials to the Office of Field Experiences. Grades will not be posted until all documentation is submitted.

**Required Assignments & Final Assignment**
A Pass/Fail grade is assigned based on the successful completion of the all of the following as all assignments are of equal weight:

• Benchmark Assignments: While student teaching is a cumulative, cohesive experience, each course must have a Benchmark Assignment. The Benchmark Assignment for
student teaching includes:

- A professional portfolio which includes artifacts which demonstrate mastery of selected skills and competencies on the Teacher Candidate Assessment. Refer to the “Portfolio Assessment” in the Elementary Education Student Teaching Guidebook. (Appendix A)
- UA Teacher Candidate Assessment which is completed twice during the semester, at the midterm and final. Refer to the “UA Teacher Candidate Assessment” in the Elementary Education Student Teaching Guidebook for a copy of the assessment and related rubric or the UA Office of Field Experiences website for an editable pdf version of the form. (Appendices B & C)
- Completion of the time card evidencing the required number of days, (Fall 2020 = 66, with signatures from you UA Program Supervisor and Supervising Practitioner. Additional information on the time card can be found in the Elementary Education Student Teaching Guidebook. (Appendix D)
- All required UA Program supervisor assignments as assigned. These could include a weekly journal.

**Required Texts**

- Elementary Student Teaching Guidebook Teacher, which can be found online or purchased at Fast Copy’s website

**Attendance and Class Participation**

You will student teach for 66 continuous days school is in session, beginning the first day teachers report in the school district where you are student teaching. All days missed will be made up consecutively at the end of your student teaching period. You will count all days worked at the school site with your mentor teacher on days when the school district is in session.

**Scheduled Topics/Activities/Assignments**

Determined by site and mentor

**Staying Current:** You are required to complete all activities and assignments listed below within the prescribed deadlines. Please stay current on the weekly readings as well. Failure to complete weekly readings and assignments can result in the lowering of your grade.

**Incomplete or Withdrawal:** Requests for incomplete (I) or withdrawal (W) must be made in accordance with University policies, which are available at http://catalog.arizona.edu/policy/grades-and-grading-system#incomplete and http://catalog.arizona.edu/policy/grades-and-grading-system#Withdrawal respectively.

Remember: “The grade of I may be awarded only at the end of a term, when all but a minor portion of the course work has been satisfactorily completed. The grade of I is not to be awarded in place of a failing grade or when the student is expected to repeat the course; in such a case, a grade other than I must be assigned. Students should make arrangements with the instructor to receive an incomplete grade before the end of the term.”

- The Report of Incomplete Grade Form
Early Childhood and Elementary Education Program Statement on Incompletes:

To foster a positive learning environment, teacher candidates, K-8 students and mentor teachers
have a shared responsibility. We want a safe, welcoming, and inclusive environment where all
feel comfortable with each other and where we can challenge ourselves to succeed. To that end,
our focus is on the tasks at hand and not on extraneous activities (e.g., texting, chatting, reading a
newspaper, making phone calls, web surfing, etc.).

Preferred Gender Pronoun: This course affirms people of all gender expressions and gender
identities. If you prefer to be called a different name than what is on the class roster, please let
me know. Feel free to correct instructors on your preferred gender pronoun. If you have any
questions or concerns, please do not hesitate to contact me directly in class or via email
(instructor email). If you wish to change your preferred name or pronoun in the UAccess system,
please use the following guidelines:

Preferred name: University of Arizona students may choose to identify themselves
within the University community using a preferred first name that differs from their

official/legal first name in select University-related systems and documents, provided that
the name is not being used for the purpose of misrepresentation. Students are able to
update their preferred names in UAccess.

Pronouns: Students may designate pronouns they use to identify themselves. Instructors

Department of Teaching, Learning and Sociocultural Studies

**Position Statement on Social Justice**
Adopted March 25, 2014

The members of the TLSS community are committed to providing equal opportunity and
nurturing an academic climate dedicated to social justice.

Injustice takes many forms. Oppressive acts are sometimes overt, but most are subtle, and are
difficult to document. These hidden forms of discrimination are identified in the literature as
microaggressions, often resulting from unexamined attitudes and beliefs. Macroaggressions are
expressions of both the overt and systemic forms of injustice.

Our commitment to social justice reflects an orientation to our goals and practices in education and
ultimately, an orientation to life that values a diversity and inclusion of viewpoints and
experiences of all people as valuable contributors to the experience of schooling and society. 
This stance recognizes that individuals bring a variety of linguistic, social, and cognitive
strengths from their families and communities into the classroom; we view these strengths as
assets.

* We value and honor human diversity.
* We recognize that all relationships include dynamics of power. We are committed to relating to
each other with conscious awareness and sensitivity to these power dynamics.
* We pledge to contribute to expanding the linguistic and cognitive strengths that learners possess
and bring with them to the classroom.
* We understand that systemic policies, traditions, and laws along with personal beliefs,
experiences and attitudes affect personal relationships and equitable treatment and opportunity for
We strive to provide a context where we all have the venue, the opportunity, and the confidence to express our experiences and that these experiences will be heard constructively, critically, and with sensitivity.

Hence, we are not color blind. We will not erase who someone is in the name of equality, nor deny the historical, material and emotional impacts of racialized and gendered identities, and colonial legacies.

We stand alongside and speak out with our colleagues, staff, students, and community members when any of us or others experience micro- or macroaggressions.

We recognize that those of us who enjoy privileged status due to our racialized, gendered, heteronormative, or otherwise privileged aspects of our identities may be unaware of the ways this privileged status marginalizes others. We pledge to listen to our colleagues, students, staff, and community members when any of us or others make efforts to remain diligent in maintaining awareness of micro, macroaggressions, and raise our awareness around issues of invisibility, marginalization, normativity, power, and privilege.

We view these goals as both crucial and ambitious. The entrenched nature of oppression requires both institutional restructuring and new social discourses. Therefore, our stance on disrupting existing and persisting inequities requires attention to micro and macro level interactions. Every interaction is an opportunity for disrupting processes of marginalization, whether overt or subtle, both through person-to-person exchange and through resisting oppressive structures and systems. We commit to holding one another and ourselves accountable, through our research and practice, to rejecting entrenched inequalities, and to cultivating new discourses as groundwork for imagining new social worlds.
